## Novelties & improved designs from SMALL WORLD by Marlip A/S

Discover the extended & redesigned concepts from SMALL WORLD by Marlip:  
beautiful and exclusive concepts for the children's room.

All furniture is made from high quality, knotless wood. The corpus of the furniture is made from solid Scandinavian pine, while the drawers are made from red alder. For the surface treatment we use the latest development within water based coating, which is the cleanest and most environmentally friendly method currently available on the market.

### ■ SMALL WORLD Classic

This concept is characterized by soft curves, open handles and our unique and replaceable ovals. You can customize your furniture with an oval with your child's name, a motif from the H.C. Andersens fairytales or the SW Polo Club theme. SMALL WORLD Classic furniture is available in the colours white pigmented, honey, light blue (**NEW!**), light pink (**NEW!**) and royal blue. You can also choose an X-combination, which gives you the possibility to choose another colour combination within the existing colour palette (e.g. full-painted white).

### ■ SMALL WORLD Modern

Characteristic for this concept is the smooth surface of the furniture, coloured fronts & doors and the beautiful leather handles. The corpus of the SMALL WORLD Modern furniture is always cream white, while the drawer fronts and wardrobe doors are available in the colours light blue, light pink (**NEW!**), royal blue and mocha (**NEW!**) and of course cream white.

### ■ SMALL WORLD Basic

This concept is characterized by straight lines and hidden grips. SMALL WORLD Basic furniture is available in the colours full-painted white, light blue (**NEW!**), light pink (**NEW!**) and royal blue. You can also choose an X-combination, which gives you the possibility to choose another colour combination within the existing colour palette (e.g. white pigmented & honey).

### Textiles

All textiles are made from the best cotton yarns and have nickel-free zippers & buttons. The textiles are removable, where required, and washable at 40°C. We have completed the "SW Polo Club" range with designs for babies and tween girls. For the "Jeans for tweens" design we have combined our two most popular fabrics: jeans blue/jeans red Chambray with light blue/light pink Oxford stripes. Our textiles fit beautifully to all three SMALL WORLD concepts, so you can mix & match as you wish!

### Accessories

To complete the harmonious settings in your child's room SMALL WORLD offers you a large variety of lovely accessories, such as rugs, lamps, baskets, wallpaper and many more!
